

ABOUT OUR PROGRAMS AND FAQs

CLASSES

Classes meet weekly at the same day and time over a number of weeks. Our seasonal (winter, spring, summer, fall) sessions begin with classes for 6-8 weeks, then workshops follow for 4 weeks. During the summer months, YAA offers adult workshops in June and August, to make space available for Kids ART Camps for the month of July.

WORKSHOPS

Workshops are "all day" events which can be scheduled as one, two or three days/evenings in a row. Our workshops are scheduled after each session of classes finishes. Well known artist's come from near and far to teach with us during our workshop months. Come hang with us in the studio for an intensive and fun experience!

CHILDREN

Depending on the time of year, our children's and youth program offerings change. We currently offer weekly Art Classes for homeschoolers and our Kid's Summer Art Camps run in the month of July. Please check back often to see what's happening for the kiddos at YAA.

Scholarships are available for school age (K-12) students. Please contact the office administrator for more info.

FAQ's

- The education homepage lists all of our educational offerings ordered by upcoming date. If you would like to view only classes, or only workshops, use the dropdown menu to filter the list.
- If the registration says "closed," registration may not have opened yet or the class has already started. Check the start date. Please call the office if you'd like to join a class that is already in progress.
- YAA does not prorate classes.
